# SAS Install
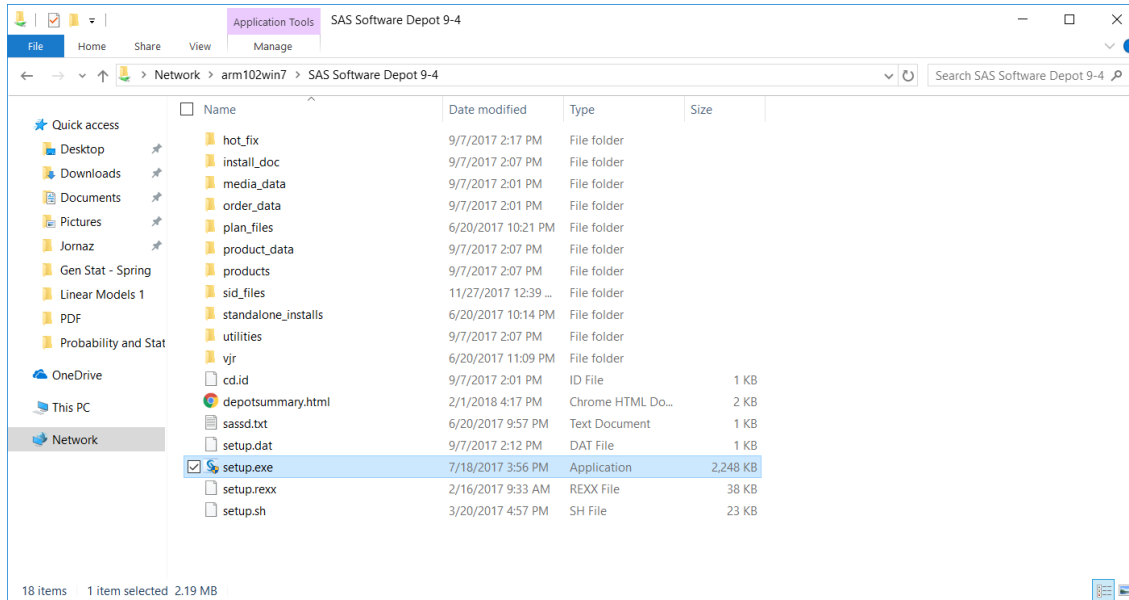

You MUST be on campus, logged in to the campus network!
I HIGHLY recommend using a hard-wire connection, rather than wireless.
Go

[\\arm102win7\SAS Software Depot 9-4](\\arm102win7\SAS Software Depot 9-4)

and run setup.exe

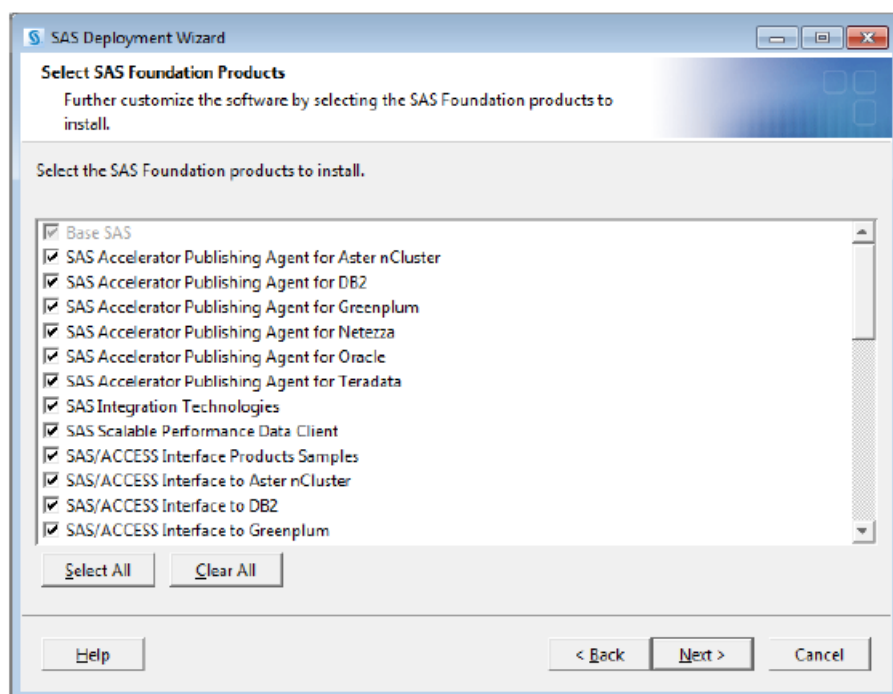

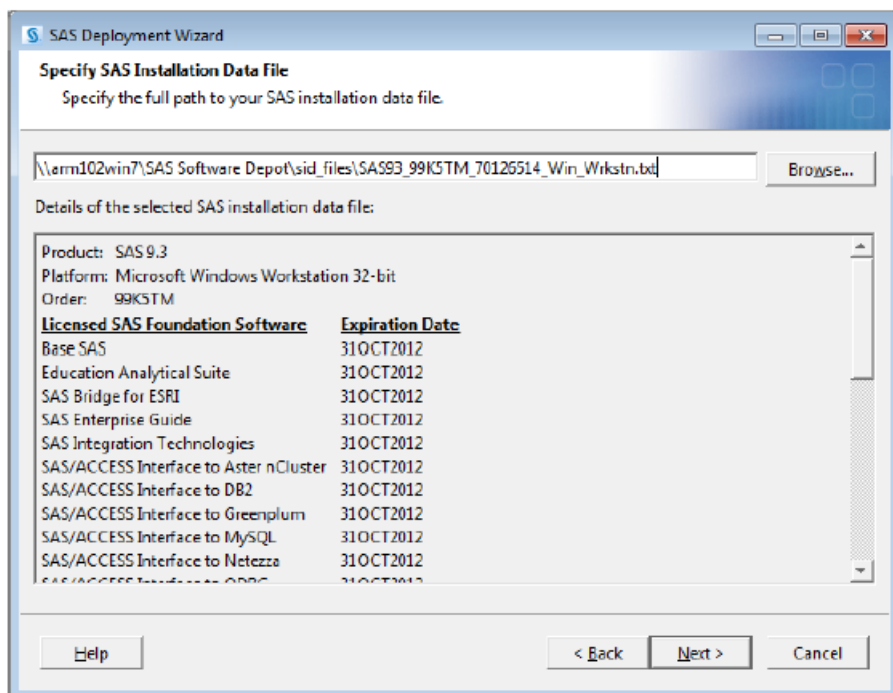

Click Next

Click Next

Select 32bit or 64bit and click Next

Click Next

Click Next
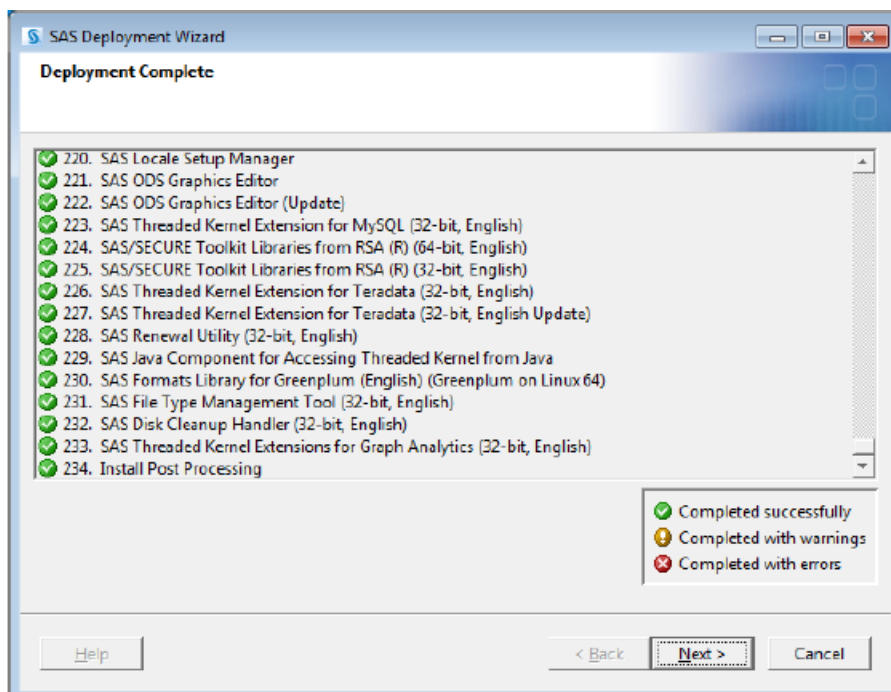

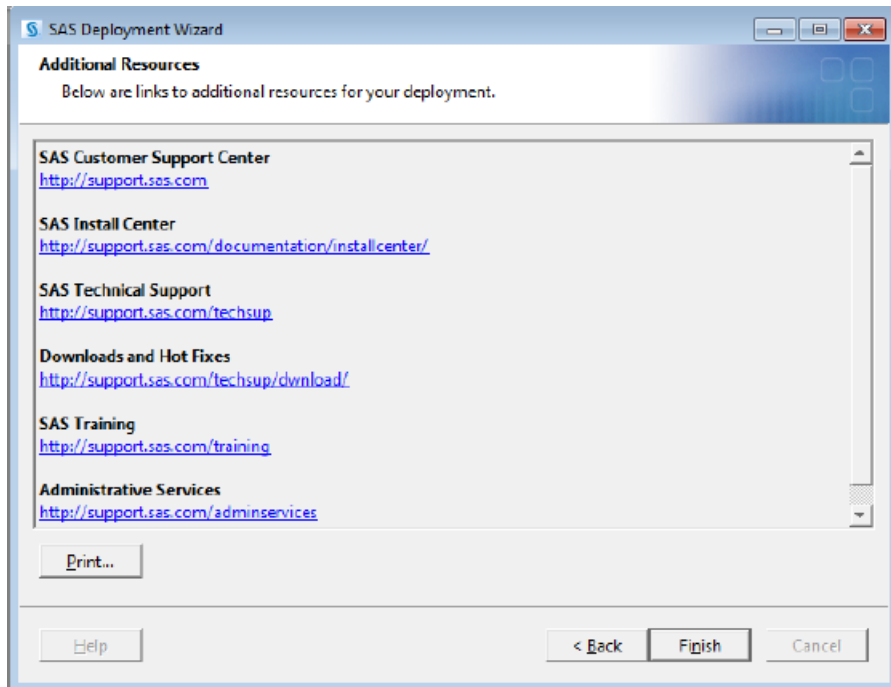

Click Clear All and click Next

Click Next

Click Start
If it asks to reboot during the install, just click cancel and it will continue the install.
